

Manish Batra

Seasoned Software Developer with a comprehensive background in web and software development, specializing in Node.js, React.js, and full-stack JavaScript technologies. Proven expertise in enhancing user experiences and website functionality, demonstrated by successful projects like the redesign of SimpliLearn's website and e-commerce integration for QServices Inc. Holds an MCA and BCA from Guru Gobind Singh Indraprastha University. Known for exceptional problem-solving skills, efficiency in handling multiple projects, and a dedication to delivering high-quality, user-centric solutions. Seeking to leverage my technical skills and project experience in a challenging role that fosters innovation and professional growth.

Core Skills

- Web Development
- User Experience Enhancement
- Project Management
- Problem Solving
- Team Collaboration
- Time Management
- Strategic Planning

Technical Skills

- **Programming Languages:** Javascript, HTML, CSS, C++, SQL
- **Frameworks:** Node.js, Express.js, PHP, React.js, Vue.js, GraphQL, Next.js, Redis, Laravel
- **Tools:** GIT, Agile methodologies
- **Specializations:** Leadership, REST APIs, HTML5, Quality Assurance

Professional Experience

Software Developer II at SimpliLearn, Bangalore, Karnataka (04/2022 - 06/2023)

- Led a critical website redesign project, enhancing site performance with a 3-second reduction in load time and a 20% increase in conversion rates.
- Improved user engagement by 40% and reduced bounce rates by 25% through strategic user experience optimization.
- Initiated and managed the creation of custom university subdomains, contributing to a 30% rise in web traffic.
- Developed a pioneering software-as-a-service platform for universities, achieving a 40% increase in student enrollment.
- Conducted in-depth research to inform the development of more secure and efficient web applications.
- Collaborated with cross-functional teams to establish realistic development milestones, ensuring timely project completion.

Software Developer I at QServices Inc., Chandigarh, Chandigarh (07/2021 - 01/2022)

- Played a key role in team collaborations to meet project deadlines, enhancing overall project efficiency.
- Specialized as a Full Stack Developer using the MERN stack, integrating crucial e-commerce features into client applications.
- Actively participated in problem-solving discussions, applying industry best practices to enhance project quality.
- Conducted field testing of software projects to rigorously assess performance and functionality.
- Developed and documented technical workflows, facilitating knowledge transfer to new team members.
- Designed reusable and reliable code for distributed cloud environments, enhancing system scalability and efficiency.

Software Developer at Radical Minds, Gurgaon, Haryana (03/2020 - 04/2021)

- Proficiently utilized PHP and NodeJS to develop intuitive

Education

- **MCA**, Guru Gobind Singh Indraprastha University, Delhi (07/2018)
- **BCA**, Guru Gobind Singh Indraprastha University, Delhi (07/2014)

web user interfaces and efficient backend services.

- Engineered a customized software solution for call and agent data tracking, optimizing operational data analysis.
- Designed and implemented a JavaScript-based CMS, enabling clients to monitor and analyze agent performance.
- Collaborated closely with clients to clearly understand project requirements, ensuring tailor-made solutions.
- Improved website features and aesthetics using ReactJS, NodeJS, and JavaScript, including development of an HR Management System.
- Regularly updated and maintained applications to address and preempt security vulnerabilities.
